Letter From Cuba.

We give below another letter from Private August Szymanski, Third Kentucky Volunteers, in which he relates his experience in that sunny clime since his last letter:

MATANZAS, CUBA, March 1, 1899.
Dear Father and Mother:

I received your letter on the 27th of February and was more than delighted to get it. I am in fine health and am as happy as can be, and so are all of the Frankfort boys. We are having some very warm weather at present, but we all stand it very well, and are doing the best we can. How are all at home, and what kind of weather are you all having at Frankfort?

I went to the city on last Monday, the 20th of February, to see the Cuban General Gomez. It was a grand sight to see the parade. The parade was led off with the 12th N. Y. band and the 2d U. S. Cavalry; a detachment of Cuban cavalry; fire department of Matanzas; General Gomez and his staff; General Wilson and his staff; then came General Sanger and his staff; then came the Cuban school children, all dressed in red, white and blue, carrying the American and Cuban flags. This looked very pretty. Then came citizens in carriages, followed by the Eighth Massachusetts Regiment Band, and after this came a crowd of Cubans yelling "Cuba Libre," and "Hurrah Americanos" and "Hurrah Gomez." It was a very fine parade.

I went to the city three times last week. Dear Papa, I can walk Spanish very good, but it will take some time before I can talk it. I am going to try to get a forty-eight hour pass in a few days to go to see the great old city of Havana, and then I will write you all about it, for I will take it all in.

This morning there is a talk in camp that we have to go in the mountains to fight guerrillas. Well that suits me. I have longed to do some fighting ever since I joined the army, and what we will do to them "will be a plenty." You don't need to look for a letter till we get back to Matanzas. I can not write a very long letter this time, but, if God shall spare me, you shall have lots of news in my next letter. I received all the papers you sent me, and all the boys are glad to have news from home.

I have a beautiful machete, given to me by a Cuban Lieutenant. I will bring it home when I come.

The second battalion of the Third will arrive from Cardenas and will camp with us.

Do not put 5 cents postage on letters, but 2 cent stamp on and write on it "Soldier's Mail," and I will get letters all right.

Keep little Richard and Mattie out of the cold and make the boys wrap themselves up when they go out. The way the papers state it must be the coldest weather Kentucky has had for some time. We had a little touch of cold weather one morning last week, it was nearly cold enough for overcoats, but it is very pleasant to-day.

Tell all the boys I am getting big and fat and my face and neck are turning yellow as gold, and am doing my duty with pleasure each day to keep up with the rules of the army.

Well, mother, I had something for supper last night that you and papa would liked to have had, it was sweet potatoes just out of the ground and roasting ears just off of the stalk. It was mighty fine. I went over in a valley and got them. It is the prettiest place I ever saw. You can get all kinds of vegetables and fruits for a small price. I ate two pineapples and made some orange-ade out of some oranges.

Excuse bad writing for I just come from duty, but I hope you can make it out. I am very tired. The boys all look like Cubans, the sun is changing their color, and you all will

laugh when you see them again. Do not forget what I said about mailing my letters with a two cent stamp. I will now close with love and kisses to you all. Good bye.

From your loving son,
AUGUST SZYMANSKI.

Easter Dates.

An industrious collector of statistics who has been investigating the subject has gathered some interesting facts regarding the variable times of this festival. In 1883 and 1894, he says, Easter fell on the unusually early date of March 23, but in the three following centuries it will occur only eight times on that day, namely, in the year 1951, 2035, 2046, 2057, 2103, 2114, 2125 and 2198.

The earliest date on which it can fall is March 22, and this only when the moon is full on 21, which must be a Saturday. This combination of circumstances is extremely rare; it occurred in 1390, 1761 and 1817, and will happen again in 1990, 2076 and 2144, while during the three centuries following this last year it is not once destined to fall on so early a date.

Going to the other, Easter never comes later than April 25. It is on record as happening on this date in 1666, 1734 and 1886, and in the next century will reach it only once—in 1943.

More Increase of Wages.

The wages of 3,000 steel workers at Wheeling, W. Va., and a like number at Bellair, Ohio, were raised 10 per cent on Saturday. Tin workers, to the number of 1,500, in the New-castle district of Pennsylvania, were given a like raise. And still they come.

CASTORIA.
Bears the Signature of
Chas. H. Ritchie
Ian MacLarn to Lecture.

The celebrated author and lecturer, Ian MacLarn (Rev. Dr. John Watson), will deliver his brilliant lecture, "Readings from the Annals of Drumtochty," in Music Hall, Cincinnati, Ohio, on Thursday, March 16th. The lecture will be for the benefit of the building fund of the Young Women's Christian Association, of Cincinnati. This lecture will be a rare treat to all lovers of literature and we hope that a number may attend from this city.

He Fooled the Surgeons.

All doctors told Benck Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with live boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Sold by J. W. Gayle, Druggist.

Arrested.

Deputy U. S. Marshal Con. McCarty arrested Allen Dudley and Edward Lewis (both colored) and Joseph Hays (white) in Versailles, on Monday last, charged with breaking into the warehouse of Z. T. Sellers, at his distillery near Mortonsville, and stealing whisky out of the barrels therein. Deputy McCarty took his men to Lexington and lodged them in jail where they will have an examining trial before U. S. Commissioner S. E. Hill on Thursday next.

This warehouse has been robbed repeatedly in the last few years and a very considerable amount of whisky taken.

La Grippe is a real epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, Publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Please to take, quickly to act. For sale by Tyler & Hemphill and W. McKee Hardie.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing is as fine an antidote as "Just as good" as One Minute Cough Cure. This is the one infallible remedy for all lung, throat or bronchial troubles. Inset vigorously upon having it if "something else" is offered you. Tyler & Hemphill and W. McKee Hardie.

For Sale.

As agent for the Methodist Church, South, of this city, I will sell the PEWS now in said church. They will be sold cheap. Apply to R. ROGERS.

If you have a cough, throat irritation, weak lungs, pain in the chest, difficult breathing, croup or hoarseness, let us suggest One Minute Cough Cure. Always reliable and safe. Tyler & Hemphill and W. McKee Hardie.

An Earnest Church Worker.

An elderly friend of the family was calling at the Clamhooper mansion. Speaking to one of the daughters, he asked:

"Well, Miss Fannie, what have you done for the good of the church during the penitential season?"

"I've done more than all the rest of the girls put together."

"Why, what have you done?"

"Haven't you heard? Why, I have promised to marry the new rector after Easter."—N. Y. World.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. E. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

How's This?

Actually a McNamara has been convicted in Lexington at last. Esq. (Judy) W. J. McNamara was tried on Wednesday for shooting a man by the name of Knickerbocker. To the astonishment of every body the jury returned a verdict of guilty, and sent him up for three years. This man had killed one man and shot several others before, and he is a magistrate of the first city in the blue grass!

Will Be Mustered Out.

The order has been issued for the Third Kentucky Volunteers to return to the United States to be mustered out of the service. We may, therefore, look for our boys home in about a month or six weeks.

District Convention.

The Democratic Convention for the Third Railroad Commissioner's District will meet at Winchester, on Wednesday, April 26. The convention will nominate a candidate to run against Mr. John C. Wood, the present Republican Commissioner, who is a candidate for re-election.

Small Fire.

About 12 o'clock, on Wednesday night, a small frame cottage, the property of Mrs. L. A. Thomas, on the West Side, near the round house, was discovered to be on fire and was consumed.

It seems that a man by the name of Wilson, an employee of the railroad company, had rented the house and had his furniture stored there there that day. The man left on the C. & O. train that night.

It looks like a case of robbery and incendiarism to cover it up.

Engine For Sale.

A four and a half horse power engine, using either gasoline or gas and has been newly overhauled and put in perfect running order. Will be sold at a bargain. Apply at this office. 28-11.

In the Dispatch of last Monday there appeared a letter from Frankfort, Ky., signed "Sam Irvine," which contained serious charges against Mr. Pat McDonald of Frankfort. The editor of the Dispatch had no knowledge of the existence of the letter or the character of its contents until it appeared in print, and if he had seen the copy would have prevented its publication.

The publication is one of those accidents which sometimes happen in all newspaper offices, and we regret that it crept into our columns. We desire to withdraw and disavow all parts of the letter reflecting on Mr. McDonald, and to apologize to him for its publication. The Dispatch had no knowledge of any wrongdoing on the part of Mr. McDonald and no desire to do him or any one else an injustice and we cheerfully make this withdrawal and apology.—Lou. Dispatch, of to-day.

MILES' J. E. M. FLOUR, the best patent flour on earth.

MILES' WHOLE WHEAT FLOUR contains all the nutritive elements of the wheat berry. The coarse woody fiber alone being eliminated. If properly cooked it makes a more palatable bread than white flour. Highly recommended by medical authorities for persons having indoor employment and of sedentary habits.

MILES' GRAHAM FLOUR, the very finest quality of Graham flour ever put on this market. Not a mixture of bran and low grade flour, but the whole product of the best wheat, thoroughly cleaned and ground by an improved process.

MILES' GEMOLINA, a perfect breakfast food. Made of wheat. Containing all the valuable elements of the wheat berry necessary for sustaining life and building up the tissues of the body. Superior to oatmeal.

MILES' BREAKFAST FLAKES, made of the very best Kentucky wheat, carefully selected and thoroughly cleaned. All the woody outer coating of the bran being scoured off and then crushed by an improved process. It is easily prepared for breakfast, as this crushing process makes it soft and tender and easy to cook. Very much superior to oat meal or cracked wheat.

MILES' FARINA, the most delicate preparation of wheat. Well adapted for use in the sick room, or for young children, as well as making delicious food for well people.

These products are all made of choice Kentucky Wheat, which has the finest flavor known. Superior to Northern Spring Wheat or White Wheat.

All manufactured by MILES & SON, Merchant Millers, Frankfort, Ky. 19-11.

Thanks.

The Circle of the King's Daughters wishes to extend thanks to Mr. G. F. DEATHS.

JOHNSON—At the home of his parents, on Fourth avenue, on Saturday afternoon, Mr. Alexander Johnson, son of Mr. John W. Johnson and wife, aged 25 years, of consumption.

Mr. Johnson was a bright and companionable young man, who had a legion of friends in this city. He had served very acceptably as Assistant Postmaster under Dr. S. B. Holmes until some seven or eight months ago, when ill health forced him to resign and seek a restoration by going to Colorado.

But the seeds of disease were too deeply planted. He remained in Denver until about ten days ago, when he was brought home to die. Quietly, calmly and without fear he awaited the dread messenger. Just before the end came he called his parents, brothers and sisters to his bed-side, bade them farewell and invoked God's blessing upon them, one and all, and then gently "fell on sleep."

A number of years ago he united with the First Baptist Church, of this city, under the ministry of Rev. W. C. Taylor, D. D., and was a consistent and earnest Christian from that time.

Mr. Johnson was a member of Hiram Lodge, No. 4, A. Y. M.

The funeral took place on Monday afternoon at 2 o'clock, from the Baptist Church, services being conducted by Rev. M. B. Adams, his pastor.

The Masonic fraternity attended the funeral and afterwards conducted the solemn burial services of the order at the grave in our cemetery, where the remains were tenderly laid to rest.

To the heartbroken father, mother, sister and brothers of our dead friend and brother, we extend the sympathy of this whole community.

RICHLIE—At his home on North Wilkinson street, this city, on Wednesday, Mr. Willis Richlie, aged about 65 years.

A sad part of this death was the fact that his wife was lying in another room sick unto death.

HAWKINS—At his home near Polgrove's landing, this county, on Tuesday, Mr. W. H. Hawkins. The funeral took place on Thursday and the remains were interred in our cemetery.

MATTHEWS—At her home in this

city, on Saturday evening, Mrs. Jas. Matthews, aged about 60 years, of consumption.

LUSCHER—At his home in this city, on Tuesday morning, Mr. Julius Luscher, aged about 30 years.

The funeral services were held on Wednesday afternoon, at 3 o'clock, Rev. Dr. J. McC. Hays, officiating. The Old Fellows, Knights of Pythias, and German Benevolent Society attended the funeral and conducted the services at the grave in our cemetery according to the ritual.

WILLIAMS—At her husband's residence, in this city, on yesterday morning, Mrs. Margaret Williams, wife of Mr. Henry R. Williams, aged about 75 years. Mrs. Williams was a faithful member of the Methodist Church, and died in the triumph of faith. Some time since she was paralyzed and had suffered greatly at times.

The funeral will take place this afternoon at 2:30 from the residence.

GRIMES—In this county, at 3 o'clock Monday morning, Mr. Sanford Grimes, aged about 30 years. He was buried that afternoon at 3 o'clock. He leaves a wife and two children to mourn his death.

LUTKENMEIER—At her home on High View, on Wednesday night, Mrs. Kate S. Lutkenmeier, aged about 25 years, of consumption.

Mrs. Lutkenmeier was a worthy and amiable lady. She leaves one little child and her husband to mourn her untimely death. She was a member of the Catholic Church, and the funeral took place from the Church of the Good Shepherd yesterday, the remains being deposited in our cemetery.

MONFORT—At the home of her daughter, Mrs. Thomas H. King, at Lagrange, Sunday March 5th, Mrs. Laura Monfort, aged 42 years. She had been a member of the Episcopal Church in this city for years.

She has gone home to enter upon that state of perfect bliss promised to the servants and followers of that God in whose commandments it was her delight to walk while on earth. No one leaves a larger circle of devoted friends to mourn her loss, but to her "to die is gain."

Since through the shadowy vale she went,
The grave grave is sanctified,
And the death river's turbid tide
Is with celestial light bespelt.

MATRIMONIAL.

WILKERSON-JENKINS—At the residence of the bride's parents, in Shelby county, on Wednesday, Mr. Thos. R. Wilkerson, of this county, and Miss Beulah Jenkins were married by Rev. E. F. Wright, pastor of Providence Baptist Church, Woodlake.

Mr. Wilkerson is an industrious and popular young farmer, while his bride is a handsome and winning young woman.

Hearty congratulations are extended. The happy young couple came to their home, at the Forks of Elkhorn, that evening.

BIRTHS.

BACON—In this city, on Saturday to Mr. Harry Bacon and wife, a daughter.

BRAWNER—In this city, to Mr. Jno. C. Brawner and wife, a daughter.

PRYOR—In this city, to Mr. Chas. Pryor and wife, a son—John W.

For a quick remedy and one that is perfectly safe for children let us recommend One Minute Cough Cure. Tyler & Hemphill and W. McKee Hardie.

Revenue Collections.

Deputy Collector Jacob Swigert collected revenue taxes during the month of February as follows: 1,364 barrels; 61,902.7-10 tax gallons; \$68,092.97 amount of tax.

State Democratic Convention.

The State Democratic Convention to nominate a full ticket for State officers has been called to meet in Louisville, on Wednesday, June 21st.

The vacancy in the State Committee, caused by the resignation of Hon. Wm. Goebel, was filled by the election of Mr. Ollie James, of Crittenden county—he of the leather lungs.

Accidentally Drowned.

Mr. James N. Gordon, Jr., was accidentally drowned in Stony Creek, where the pike crosses, near Harvileland, on Saturday night. It seems that he and a companion, named Frank Broughton, reached the creek on their way home, when they found it greatly swollen by the heavy rains. For some reason they both mounted the same horse and entered the stream. The swift water was too strong for the horse and swept him off of his feet, throwing both men into the water. Mr. Gordon sank at once and his body was washed ashore about a mile below, where it was found lodged.

Mr. Broughton was carried with the current and finally reached the shore completely exhausted. The horses both saved themselves by swimming out.

Coroner Meagher was notified, an inquest was held on Sunday last and a verdict rendered in accordance with these facts.

The funeral services were held on Monday and the body buried in the neighboring burying ground.

Mr. Broughton, who was lucky enough to escape, had been granted license to marry on Saturday morning, and Mr. Gordon was to have been his best man.

Not So Tired After All.

We heard a great deal, at the time the Second Kentucky Regiment was being mustered out of the service, about the boys having had hardships enough and that they were thoroughly tired out with soldier life. Now comes the fact that more than 200 members of that regiment have re-enlisted in the regular army and have been assigned to the Twenty-second U. S. Regular Infantry now in Manila.

Pea Ridge.

Wheat came through the freeze better than was expected.

Mr. Will Matheny has moved from Benson Depot to his farm here.

Mr. John Woods has moved from the Herndon place to Col. Hoge's farm, near Switzer.

Mr. Ben Wilson has moved from the Sloops farm to the place just vacated by Mr. John Woods.

Mr. Will Tracy, Jr., has moved from the Will Pierce farm to Strington, Shelby county.

Mr. Wheeler has bought the Will Pierce place and moved in.

Mr. John Woods sold his tobacco last week at an average of seven cents.

"Send your name on a postal card and receive by mail a sample dish free." So ran the ad and a young lady answered and received as sample of a dish two small pieces of broken crockery in a paper box, and instructions to canvas for an August, Maine, paper. By mail is all right, but it don't do to receive anything free from these gentry by freight or express.

Goose Creek.

Plenty of mud at present.

Mr. Jim Lee, a well known gentleman of this community, has lost his moustache. A great reward is offered to the finder.

A great improvement is being made on Goose Creek. Mr. W. H. Allison is having a new kitchen put up.

Mr. Lee Green is seen going over to Mr. G. W. Pulliam's place. Wonder what is so attractive over there?

Mr. Bob Kendall bought from Mr. Joe Allison a fine surrey horse.

The young doctor of this place says he has won the love of all the girls on Goose Creek and is now going to Dry Ridge. When he wins all up

there where, oh where, will he go then.

The greatest mystery of this place is what Mr. Manly Chism and Mr. Less Phillips are mad at, for they are seldom seen at Mr. Nick Allison's—but three nights out of every week.

Marian Runtor says there is going to be a wedding soon.

The Professor of Lebanon Ridge has gone back to his old trade—smiling at the stiles.

Mr. Willie Chism and Miss Minnie Wade are seen together quite often. Wonder if that won't be a wedding?

Mrs. Mattie Allison and Mrs. Rose Shuckelford were the guests of Hon. Willis Rodgers on Friday last.

If any body wants a saw sharpened just call on Mr. Charley Warren, as he is a good hand.

Hurrah for the dear old ROUNDABOUT. SWEETEST OF SWEET.

WHAT HAVE WE HERE?

"Well, I Declare!" A THREAD-CUTTING THIMBLE!
OUR FREE GIFT TO SUBSCRIBERS.

PATENTED.
"The Dentists' Enemy."

Just the article every woman has always wanted. No more hunting for the scissors, or raving your teeth by chewing on thread. After cutting thread with scissors you strangle it through your teeth, so you can thread through the needle. Our thimble frays the end ready to twist to a point. You will catch the knack of snapping off the thread in a few moments' practice, then you will wonder how you ever got along without it or did not invent it yourself.

OUR UNIQUE PREMIUM.

It is our desire that everybody in this section should be a constant reader of the ROUNDABOUT, to this end in view we have secured, at considerable expense, these thread-cutting thimbles for our readers. They are beautiful Sterling Silver, good weight. You all know the value of the ordinary Sterling Silver thimble—sells in the stores from 50 to 60 cents; ours, with the patent cutter, sells at 75 cents.

Our Unparalleled Offer.

The ROUNDABOUT for one year, and the Sterling Thread-Cutting Thimble will be sent you from now until January 1, 1900 for \$1.00. You can purchase the thimble even if you are not a subscriber by sending us The. To all subscribers who are already paid up in advance, who wish to take advantage of this premium, we will show our appreciation by sending you the thimble on receipt of 25 cents.

REMEMBER.—Be sure to send size of thimble you wear. The best is none too good for our readers.

ROUNDABOUT.

Danger Signals!

Do you take cold with every change in the weather? Does your throat feel raw? And do sharp pains dart through your chest?

Don't you know these are danger signals which point to pneumonia, bronchitis, or consumption itself?

If you are ailing and have lost flesh lately, they are certainly danger signals. The question for you to decide is, "Have I the vitality to throw off these diseases?"

Don't wait to try SCOTT'S EMULSION "as a last resort." There is no remedy equal to it for fortifying the system. Prevention is easy.

Scott's Emulsion

prevents consumption and attacks of other diseases which host the weak and those with poor blood.

SCOTT'S EMULSION is the one standard remedy for inflamed throats and lungs, for colds, bronchitis and consumption. It is a food medicine of remarkable power. A food, because it nourishes the body; and a medicine, because it corrects diseased conditions.

FRANKFORT, MARCH 11, 1899.

HURRAH FOR OLD KENTUCKY.

Frankfort's Honored Son Comes to His Own.

Commodore John Crittenden Watson Promoted.

In sending in the names of the eighteen officers who have been promoted to Rear Admiral in the Navy, the President has included that of our townsman and boyhood friend, John Crittenden Watson.

It was a graceful act of justice to a brave, true-hearted, gentle and earnest Christian man.

John Watson never knew what fear was, and yet he is as gentle and tender as a woman in all his feelings and conduct.

The seion of a noble stock, none of its sons ever shed a brighter luster or more of genuine honor upon the name.

Frankfort and old Kentucky is proud of her son.

Ought to Have Two Districts.

The fact is well known that, owing to the immense amount of work on the dockets of the U. S. Courts for this State, Judge Barr had about worked himself down, thus occasioning his retirement earlier than he desired.

This being the case, it is the part of wisdom and economy to agitate for the division of the State into two districts.

Ohio, which has never had as much business in her U. S. Courts as Kentucky, has two districts. Tennessee, that has no more business than Kentucky, has three districts. Alabama and Mississippi have two districts, and so on.

Now why Kentucky should not be similarly favored we cannot see. A bill looking to a division of the State was introduced by Senators Lindsay and Deboe, more than a year ago, and met with great favor, and would no doubt have been passed had not the overshadowing matters connected with the war arisen to distract attention.

Now is the time to set in motion the renewal of the agitation looking to that end. The bill should be carefully drawn so as to meet with as little antagonism as possible, and then press it to a successful passage.

The President sees the necessity for the measure and it will meet with his hearty approval and sanction, and so likewise will it be received by the Attorney General's department.

When it comes to the selection of a Judge for the district, this section of the State has judicial timber of the highest orders. Among them may be mentioned Judge W. H. Holt, Gen. Dan W. Lindsey, Hon. A. Y. C. Cochran, Col. John W. Yerkes and a score of others. Any one of these would meet the full requirements for the position, and the President would make no mistake in appointing any of them. But this is antipathetic.

Col. Evans U. S. District Judge.

On Saturday last President McKinley appointed Col. Walter Evans, of Louisville, to be U. S. District Judge for the Kentucky District, vice Judge J. W. Barr, retired.

Col. Evans will worthily fill the place so admirably occupied by Judge Barr. He is an able and scholarly man, level headed and cool.

While we favored the appointment of either Gen. Dan W. Lindsey or Judge W. H. Holt, of this city, on account of their well known fitness for the position, we heartily commend the appointment of Col. Evans.

Every one who knows him realizes the fact that he is a gentleman in every sense of the word and one who will carefully weigh every case that comes before him in the light of the law, and will not be swayed by prejudice or popular clamor.

As soon as the appointment had

been made and the name sent to the Senate, it was immediately and unanimously confirmed.

Col. Evans received an ovation when he appeared in the House of Representatives, the members of all parties heartily congratulating him upon his elevation.

Judge Evans has qualified and assumed the duties of his high office.

Another Cold Snap.

On Monday morning the weather (which had been blustery and raw all day Sunday), commenced to turn cold, accompanied at times by flurries of snow. Monday night it grew colder rapidly, accompanied by a high northwest wind. By Tuesday morning the thermometer was showing pretty low down in the tube, reminding one of the weather some two weeks ago. The mercury went as low as 4° above zero.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Cold, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, Chest and Lungs are surely cured by it. Call on J. W. Gayle, Druggist, and get a trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

Change of Date.

Owing to the fact that other engagements will prevent his reaching here to-day (as originally announced by us last Saturday), Dr. Goldstein will not be at the Capital Hotel to-day. However, he will be here next Saturday, March 18th, and will be pleased to see his old patrons and as many new ones as may need his services in adjusting glasses to their eyes. We received a letter from him asking us to announce this change in date, but too late for our last paper.

Outage Bill Passed.

The Evans "Outage Bill," which is of such incalculable advantage to the Kentucky distillers, passed both houses of Congress on Friday and was approved by the President. It looks like the tide had turned in favor of this interest after long and anxious waiting.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it cures that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, not because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. Sold by J. W. Gayle.

Friday's Hall Storm.

The news from Louisville, Lexington, Versailles, Elizabethtown, Barbourville, Paris and other points show a most distressing state of affairs caused by the hall-storm of Friday. The hall fell to the depth of three or four inches and the stones were very large. The amount of damage inflicted was very heavy, especially to florists and those having skylights, etc.

The hall in this city was light and no damage was done.

Rear Admirals Schley and Sampson.

The names of eighteen Rear Admirals of our Navy were sent to the Senate by the President on Friday. The order in which they come gives Schley two numbers the advantage of Sampson and secures his position as ranking officer, as it was before the scramble was on for the precedence. At last justice has been done and a noble man gets his due.

Terrible Hall Storm.

On Friday evening Lexington and vicinity were visited by the worst hall storm ever experienced. The ground was covered to the depth of several inches with hail, varying in size from a pea to that of a hen egg. Great damage was done to skylights and greenhouses. Everything in that line that was at all exposed was smashed.

Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

For we will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. P. CHENEY & CO., Toledo, O. Sold by Druggists. 75c. Hall's Family Pills are the best.

Admiral Dewey.

Directly after the bill to revive the grade of Admiral in the Navy had passed Congress President McKinley sent in the name of Rear Admiral George Dewey for the place. The Senate confirmed the nomination unanimously and the commission was made out, signed by the President and forwarded to this grand old man.

Still Better.

The 20,000 and more mill workers in Lowell, Mass. have been notified by the mill owners that there will be an increase of wages to take effect April 3. This will restore the wages formerly paid before the panic of 1893.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaho, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at J. W. Gayle's Drug Store. Every bottle guaranteed.

Mrs. Pepper Dead.

Mrs. Nannie Pepper, widow of the late Oscar Pepper, died at her home in Lexington on Sunday. She was the mother of Col. Jas. E. Pepper, the distiller, of Lexington.

DYSPEPSIA CURED!

AMERICAN DYSPEPSIA TABLETS.

A Safe, Sure and Permanent Cure for Dyspepsia, Indigestion, Catarrh of the Stomach, Flatulency, Palpitation, Fermentation, Heart Burn and Constipation.

Read the following reasons for using American Dyspepsia Tablets.

All other remedies claiming to cure indigestion and dyspepsia contain PEPsin in one of its forms, and as long as PEPsin is supplied to a weak, or even healthy stomach in the shape of medicine, nature will cease to make it, and the DYSPEPSIC will not be able to do without his "DOSE," and of course never be cured of his trouble. A stomach that will promptly digest food must make its own PEPsin and not rely upon medicine for this most important agent.

American Dyspepsia Tablets contain no PEPsin nor other PEPTIC agents, but are composed of four old and well-known vegetable remedies which, in combination, will soon effect a cure by restoring the stomach to its normal condition.

We furnish no book on the "STOMACH and its DISEASES," no ALMANAC, no prize for the LARGEST number of wrappers, but will send a trial box to any address free of cost.

AMERICAN DYSPEPSIA TABLETS are put up in 50c. packages, and are to be had at J. W. Gayle's and W. H. Averill's, or by addressing

Refused Admission.

A convict sent up for life from Covington, was denied admission to the Penitentiary on Friday on account of the prevalence of small-pox at Covington and the suspicion that the man himself, one Fox, had been exposed to the dread disease. The sheriff at once returned home with his man.

This is as it should be. If one should be taken there with the disease in his blood it might produce a terrible state of affairs.

Y. M. C. A. NOTES.

Congress will consider the Nicaraguan canal question at its next meeting which takes place in the Y. M. C. A. parlors, Monday evening, March 13th, at 7:30 o'clock. The debate will be opened by the following representatives: Messrs. L. F. Johnson, of Rhode Island, H. C. McKee, of Minnesota, Jas. F. Buford, of New York, and W. W. Jett, of Washington; the two gentlemen first mentioned opposing the measure, and the two latter favoring its adoption. Other members of Congress are expected to participate in the discussion, which promises to be very interesting. Members and other men will be admitted.

In accordance with the program of the "Loyalty" series, the Men's Rally last Sunday afternoon was devoted to the question of "Loyalty" as affecting the interests of the local Association. The earnest address given by Mr. Frank Chinn, and the helpful remarks also made by Mr. W. C. Simpson and Mr. R. K. McClure, left a deep impression upon the minds and hearts of those present. Special emphasis was laid upon the fact that the members themselves are chiefly responsible for the efficiency and growth of the local organization, and when they are willing to pray, and work, and sacrifice too, if necessary, for the welfare of the Association, its success in the largest possible degree will be assured. Prof. J. A. Pilcher, of Louisville, presided at the piano.

The social gathering held last Tuesday evening, in the Association rooms, was perfectly informal in character, seemed to be thoroughly enjoyed by the members and other young men who were present. During the evening a delightful musical program was rendered by the Capital City Orchestra, and refreshments were served by members of the Ladies Committee.

Prof. McHenry Rhoads will give an address of special interest to young men at the rally Sunday, 3:30 p. m. All men invited.

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by J. W. Gayle.

Congress Adjourns.

At 12:10 on Saturday the short and last session of the 55th Congress came to a close. Practically all the important measures which have been submitted to it were passed and have become laws.

This will be known in the future as one of the most important and successful Congresses ever assembled.

Matters of the gravest importance were submitted to its adjudication. It is gratifying to know that, in the crucial test of the exciting times through which it passed, partisanship was, in a very large measure, lost sight of and Democrats, Republicans and Populists stood shoulder to shoulder for the honor of the flag of the free.

The most dramatic of all its scenes was that of the closing hour, when Mr. Bailey, of Texas, the Democratic leader, in an eloquent speech, offered a resolution of thanks to Speaker Reed, and the speaker's warm and eloquent reply, that generally calm and phlegmatic man's emotions almost overcoming him and causing

both speeches to be received with prolonged cheering.

To cap the climax "My Country, 'Tis of Thee," "America," "The Star Spangled Banner," and "Dixie," were sung amid the wildest enthusiasm.

It only shows that, beneath the crest of party, the great heart of the people is sound and true and beats high with undying love of country.

A tinge of sadness prevades it all, however, when it is remembered that some of the truest, bravest and strongest of each of the great parties have laid down life's burdens during the session just closed.

In general, the verdict of the people will be "well done, good and faithful servants."

Geo. B. Secord, the well known contractor of Towanda, N. Y., says: "I have used Chamberlain's Cough Remedy in my family for a long time and have found it superior to any other." For sale by J. W. Gayle.

Stable Undermined.

The stable of Dr. E. E. Hume, at the end of the alley near the Baptist Church, was undermined by the high water and fell into the river on Wednesday afternoon. It was occupied by Mr. P. C. Sower. Its condition was discovered in time to remove the vehicles and other things stored in it. It involves a loss of some \$200.

FRANKFORT, - KENTUCKY.

Dr. Dade's Good Thing.

Below we give a copy of a letter which we received from Dr. W. H. Dade, late Surgeon Major, 2d Kentucky Volunteers, on Thursday. Dr. Dade's friends in this city will be glad to hear of his good luck. The letter was not written for publication, but we take the liberty of doing so any way:

CHICAGO, March 8, 1899.
My Dear Friend:
Enclosed you will find a dollar to pay for my subscription for the coming year. Please continue the address as before until I send you other directions, which I think will be shortly.

I have accepted a very excellent position as Surgeon of the Government Hospital at Manila, or one of the other cities of the Philippine Islands, if they see fit to select another for its location. I go from here to Fort Crook to join the Sixteenth Infantry going to San Francisco, where we all take the transport. We go via Honolulu and the Ladrones Islands. Mrs. and little Miss Dade will follow as soon as I can make arrangements for their comfort, which will be in or about the middle of June, when the worst of the rainy season is over. If things are as they are represented to me, I shall make my permanent residence there. With kindest regards, I beg to remain, Fraternally and Cordially,
WALLER H. DADE.

Burglary Near the City.

On Tuesday evening, while the family of Dr. W. B. Rodman were at supper, in their home at "Point Breeze," a burglar obtained entrance to the house and succeeded in "crobbling" Mrs. Rodman's pocket book and some other articles of but small value. Luckily Mrs. Rodman had removed nearly all the money from the purse, leaving only about three or four dollars in change.

When the family left the table they found the family room door, the hall door and a window all open. Search was at once made for the thief but he had decamped.

The robbery was reported to the officers, though with little hope of detecting the thief.

Will Buy Your Poultry.

Messrs. S. H. Grinstead & Co., of Louisville, have established a branch house, at 310 High street, in this city, with Mr. Chas. L. Weber as manager, where they will purchase all the butter, eggs and poultry that can be brought in by the farmers of this section, paying the best prices therefor that the market will permit. They expect to do an extensive shipping business.

IN MEMORIAM.

Alexander Johnson.

At the meeting of Hiram Lodge, No. 4, F. and A. M., held on Thursday evening, the following was adopted:

To the Worshipful Master, Wardens and Brethren of Hiram Lodge, No. 4, F. and A. M.:

At our last coming together we were called to assemble around the tomb, and place within its lowly bed—there to sleep the last sleep—the form of our young brother Alexander Johnson, who, having wrought his hours in life's quarry, has gone to present his work for the inspection of the Supreme Architect of the Universe.

His walk having been upright before God and man, and his conduct squared by the rule of truth and virtue, we have the blessed hope that he has entered into that rest prepared for those who love the Lord. But his untimely death has left a vacancy in our number which can never be filled, and we deem it proper that we should testify to his worth as a citizen, as an affectionate son and brother, and as a Mason, whose example we will cherish and over whose grave we will plant the acacia of recollection that his memory may be kept green.

We recommend that an expression of our warmest sympathy be sent, under the seal of the Lodge, to his father—our brother—to his heart-broken mother and the loving sister and brothers. We also recommend that this memorial be recorded upon a page of the records of this Lodge set apart for the purpose.

H. H. ROBERTS,
GEO. A. LEWIS,
CHAS. N. WARD.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh Edgar, Germantown, Cal. For sale by J. W. Gayle.

Harvardian.

The rain of last week did considerable damage to the land and creeks in this part of the county.

Moving is all the go in this community. Mr. Robert Suter has moved near the Harvardian school-house. Mr. Johnson, our Postmaster, has moved to Flag Fork. Mr. Lucie Quinn is occupying the stand where Mr. Johnson formerly kept store.

Mrs. Bettie Semmes has returned home from Lexington, leaving her sister much improved.

We are glad to say that Mrs. Rowan Golis is out again.

Miss Eliza Bell Polsgrove, of

Shelby county, is visiting her sister, Mrs. America Lewis.

Miss Ida Semmes and her brother, Raleigh, left for Lexington Monday, where they will probably remain for some time.

Miss Jennie Polsgrove, of Shelby county, is visiting her cousin, Mrs. America Lewis.

MAMMA'S ONLY CHILD.

If you have a cough, throat irritation, weak lungs, pain in the chest, difficult breathing, croup or hoarseness, let us suggest One Minute Cough Cure. Always reliable and safe. Tyler & Hemphill and W. McKee Hardie.

Zilpah.

Rain, rain and mud is the program at present.

Moving and cleaning of houses has been the order for the past week.

Health somewhat better.

Mrs. Cal. Green and children, of Scott county, accompanied by her nephew, Mr. Clarence Arnsperger, have been the guests of her father, Mr. J. T. Moore, and her brother, Mr. J. B. Moore, the past week.

Miss Otha Perkins was the guest of relatives at Hatton the past week.

Born—To Mr. G. D. Demaree and wife, last week, a son—Bryan.

We are happy to report Mr. George Quire, after a very long illness, somewhat improved and able to get about.

Mr. I. N. Wilburn, of this town, who purchased the store of Mr. George Montgomery, has moved the same from the old stand to No. 237 south-west corner of Main, where he will be found ready to wait on his customers and all who will call on him.

Mr. Louis Lee, who keeps the pesticide, has replenished his stock of goods and will also be glad to see you.

Mr. Eugene Pool, of Polsgrove, attended church Sunday night in company with Miss Katie Perkins. Don't be surprised to hear of a wedding soon.

J. B. M. said, when he got his contract of pike done and received, he was going to see his best girl. The pike is completed and received, and he has been absent for some time. You can guess where he is gone.

Any one in need of a story will do well to call on Mr. J. W. Bright, probably he can supply your demand.

Mr. Road Gordon was in our community last week.

Hello there! Catch'em! Say your castor and come along. Let us know if you are in the land of the living? Don't take it so hard if Henry does get the widow, there are plenty more.

Rumor says we are to have another wedding on the river soon, as T. B. is seen going toward the widow's very often.

Mr. Thomas Long, who has been ill for some time with la grippe, is able to be out again.

Kentucky Crop Report.

Reports were received this month from 153 correspondents, representing 98 counties.

It may be well to restate in this, the first report of the year, the boundaries of the sections into which the State, for the sake of convenience and accuracy, is divided and the reasons for the separation. The irregular contour of the counties makes it impracticable to divide upon straight lines in any given course. Again, it is advisable to separate the "dark tobacco" district, in the west part of the State, from the Burley district of the central and eastern portion. Likewise it is desirable to separate the counties in the eastern and southeastern portion, where the production of any crop rarely exceeds the home demand and where the percentage of increase or decrease affects in a small measure only the actual production of the State, from the other sections producing a large surplus. To meet all these varied conditions the following divisions appear to us as the best to be devised:

The western section comprises 39 counties west of an irregular line drawn from the eastern boundary of Hardin county on the north to the eastern boundary of Allen on the south, the intervening counties of Larnie, Hart and Barren being placed in the western section. The central, or to be more accurate, the north central section, embraces 40 counties lying east of the above-described boundary and northeast of an irregular line drawn from the eastern boundary of Lewis county on the northeast of Larnie county in the southeast, the intervening counties of Bath, Montgomery, Clark, Madison, Lincoln, Boyle and Marion being in the central section. The eastern or southeastern section is composed of the remaining 40 counties lying

southeast of the above-described lines.

WHEAT.

The condition of the wheat crop December 1st, the date of the last report, was 94, compared with average years. As set out in that report there was a lengthy interval between the early sown and the late sown wheat due to an unusually wet October, wheat sowing being suspended for the greater portion of the month. The early sown wheat attained a growth that promised to withstand any weather test to which it might be subjected. This promise has been realized, and at this date early wheat is generally reported in excellent condition. Late sown wheat was barely above ground at the advent of winter, and the severe weather it has encountered, both in the early and latter parts of winter, has left it in a condition that may be aptly described as a "blue prospect." Whole fields now appear without a vestige of growth above ground and, while a few correspondents venture the opinion that the roots are uninjured, it will take some weeks of warm growing weather to develop the full extent of damage. As a rule there was an ample covering of snow during the extreme cold weather of February, but, falling as it did on an almost solid sheet of ice, the benign effects of the protection was in a measure lost.

Answers to the question "Has wheat suffered from any cause during the winter? If so, state cause," resulted in replies from 115 correspondents, of which number 97 state that wheat suffered from "freeze," and 18 say it has not been appreciably damaged during the winter.

Heavy rains, particularly in the western section, is another source of no inconsiderable damage.

The condition for the State as a whole, compared with

average years, is 80, which is a loss of 14 points since December 1st. For the three preceding years the condition on March 1st was as follows: 1898, 92; 1897, 88, and 1896, 88.

The three sections separately show the following average condition as of this date: Western, 70; central, 85, and eastern, 88.

The per cent. of crop of 1898 still in the hands of farmers is estimated at 26. On March 1st, 1898, it was estimated that 17 per cent. of crop of preceding year was then in the hands of farmers. On March 1st, 1897, a similar estimate showed 9 per cent. of the old crop in farmers' hands.

The price of wheat March 1st averages 68c. On March 1st, 1898, the average price was 90c., and March 1st, 1897, the price was 84c.

CORN.

Estimate on the percentage of corn crop of 1898 still in farmers' hands give the amount at 42 per cent. On March 1st, 1898, the per cent. of crop of preceding year in hands of farmers was 44.

LIVE STOCK.

The trying effects of the unusually severe winter on live stock has to some extent been mitigated by the abundance of feed. Still, among young stock and stock unprovided with shelter, the loss has been heavy and the suffering intense. The heaviest loss has been with lambs and young pigs. Some correspondents estimate the loss of lambs at 33 1/2 per cent. of the crop. Recent experience should impress upon farmers the economy of providing ample shelter for stock during the months of bad weather.

The condition of the various classes of live stock averages as follows: Horses, 94; cattle, 90; sheep, 89, and hogs, 90. The conditions March 1st, 1898, were 96, 95, 88 and 91 respectively.

Replies to the question "Have

you hog cholera?" show a notable absence of this common disease, 113 correspondents answer in the negative and but 31 in the affirmative.

THE EFFECTS OF THE FEBRUARY COLD WAVE.

The period from February 6th to 14th will be long remembered as a season of phenomenal low temperature. Remarkable not only for the low temperature recorded, but also for pertinacity with which this temperature was maintained. Covering a period of some ten days the mercury rose above the zero mark. Minima of 10 to 24 and even as low as 39 degrees below zero were reported during this time. In addition to the loss and suffering of live stock already noted the injury to the fruit crop is far reaching. Peaches will not only be a failure this year, but the damage to trees is such that the crops for several years to come will be affected. The same is true of cherries and plums, with the possible exception of sour cherries. Pears, though injured to some extent, still promise a fair yield. Apples have escaped injury save the injury to trees from heavy sleet in some sections.

Of the small fruits raspberries have suffered most and will probably be a failure. It is feared, too, that the injury extends to the wild blackberries. Strawberries have escaped injury so far.

LUCAS MOORE,

Commissioner of Agriculture.

Not What She Expected.

Fangle—I saw your friend, Mrs. Jaysmith, get on the train and leave town with a married man this morning.

Mrs. Fangle (deeply interested)—Well, I've been expecting a scandal in that quarter for some time. Who was it with the shameless thing?

Will of Mr. Benedict Farmer Probated.

The will of Mr. Benedict Farmer gives all his property and estate of every description to his wife, Lucy C. Farmer, to be used and enjoyed by her during her life or widowhood, and at her death or marriage the entire property to be equally divided between his three children, viz: Susan E. McCoun, Ben. T. Farmer, and Wm. S. Farmer, except that in the event of the marriage of his wife she is to have one third of same during her life, which third at death shall go to her three aforesaid children equally. Having already given about \$3,000 to each of his children he desired that each be charged, in the distribution of his entire estate, with any advancements he may hereafter make to any of them, to the end that they may share equally in his estate. The will was dated January 26th, 1885, and was witnessed by Frank Chinn, W. C. Herndon and C. B. Chinn.

Mrs. Lucy C. Farmer qualified as executrix under the will on Monday last.
